SUBJECT: KTDF PURSE STRUCTURE: KENTUCKY DOWNS' SEPTEMBER MEET

On March 14 and March 27, 2019, the KHRC received the enclosed letters from Kentucky Downs with its KTDF purse structure request for the 2019 September meet.

Kentucky Downs is proposing KTDF purses of \$5.1 million and up to \$75,000 in advertising to promote the states support of Kentucky thoroughbreds and racing. The proposal includes an anticipated surplus of \$2.2 million to transfer to Ellis Park for their 2019 summer meet.

Kentucky Downs proposal is based on continued growth in historical horse racing revenue. If a non-eligible horse is involved in a dead heat, those funds will revert to the fund.

The KTDF Advisory Committee met and reviewed the initial proposal on March 19, 2019, which included everything but the transfer to Ellis Park. During the meeting, Kentucky Downs' expressed a willingness to transfer \$2.2 million as a supplement to its initial request. The committee recommended approval of the proposal, as well as transferring \$2.2 million in KTDF funds generated from wagers on historical horse racing to Ellis Park. Kentucky Downs' submitted an updated letter on March 27 and both letters follow this memorandum.

KTDF Advisory Committee and staff recommend approval.

Dear KTDF Committee Members,

Based on the continued growth of the Kentucky Downs live racing season and our projections for 2019, we request this committee's approval to offer \$5.104 million in KTDF purses and up to \$75,000 in advertising to promote the state's support of Kentucky thoroughbreds and racing.

Kentucky Downs finished 2018 with a 26% increase in historical horse racing revenue than 2017. This growth has continued to 2019 which is up more than 25% over the previous year's results as of March 11, 2019. Based on these growth trends, we feel confident that our requested KTDF offering is an appropriate and conservative requisition of the state's funds.

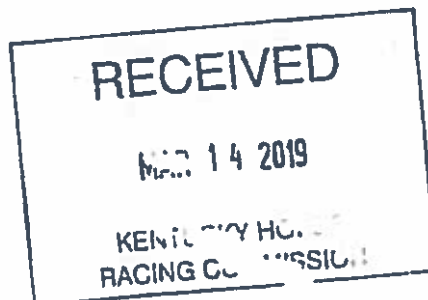

We plan to pay KTDF money to every eligible starter as in the past. Additionally, if a non-KTDF eligible horse is involved in a dead heat, those funds will revert back to the fund.

We appreciate your review of this proposal and urge your approval of this plan.

Sincerely,

Att. Marc Guilfoil

Lexington, KY 40511

Dear Mr. Guilfoil,

At the end of the of our 2018 meet, Kentucky Downs had a KTDF surplus of \$439,000. We are requesting that the Commission approve payments from our account of \$5.104 million for our 2019 meet. This would leave an anticipated surplus in our account of roughly \$2.2 million that will be transferred to Ellis Park for their live race meet. We also have requested up to \$75,000 in advertising to promote the state's support of Kentucky thoroughbreds and racing.

Please allow us to exceed the 85% ceiling since funds are available. Our current request assumes a payout of approximately 100% of association purses and an expectation to payout 65% of KTDF funds as presented in the condition book.

Consistent with other thoroughbred tracks, Kentucky Downs will pay out KTDF funds through last place as follows: 1st place – 60%; 2nd place – 20%; 3rd place – 10%; 4th place – 5%, 5th place – 3%; the remaining 2% divided evenly among starters. Additionally, if a non-KTDF eligible horse is involved in a dead heat, those funds will revert back to the fund.

Should we determine that more or less funds will actually be available than our current estimates, we would like the latitude to notify the Commission and adjust accordingly. In no event will we exceed the fund available to us.

Respectfully submitted,

Ted Nicholson

SUBJECT: KTDF PURSE STRUCTURE: ELLIS PARK SUMMER MEET

On March 14, 2019, the KHRC received the attached letter from Ellis Park with its KTDF purse structure request for the 2019 summer meet. On April 2, 2019, Ellis Park amended the request to include a \$2.2 million transfer from wagers on historical horse racing at Kentucky Downs. Both letters follow this memorandum.

Ellis Park is proposing KTDF purses in the range of \$3.3 million. Ellis Park's proposal is based on daily earnings of \$115,832 and a payout percentage of 95. If a non-KTDF eligible horse is involved in a dead heat, those funds will revert back to the fund.

The KTDF Advisory Committee met and reviewed the proposal on March 19, 2019, which included everything but the transfer from Kentucky Downs. During the meeting, Kentucky Downs' expressed a willingness to transfer the \$2.2 million. The committee recommended approval of the proposal, as well as the transfer of \$2.2 million in KTDF funds generated from wagers on historical horse racing to Ellis Park. Ellis Park submitted an updated letter on April 2.

Committee Members:

Ellis Park has reviewed our KTDF data and with our projections in live race handle along with the Historical Racing handle and we propose to pay KTDF purses in the range of \$3,359,000 for our upcoming 2019 summer meet, which includes \$2,264,000 KTDF transferred from wagers on HHR at KY Downs. We have based the range on the following information:

1. In our 2018 summer meet we offered approximately \$1,684,000 in KTDF purses (inclusive of \$600,000 KTDF funds transferred from KY Downs) and paid out \$1,467,000 in KTDF purses.
2. We are assuming a KTDF payout percentage of approximately 95%.
3. We are projecting daily earnings of \$115,832 for 2019, which is a increase from the \$50,586 paid in 2018.
4. Ellis Park will pay out KTDF funds through last place as follows:
 - a. 1st Place = 60%
 - b. 2nd Place = 20%
 - c. 3rd Place = 10%
 - d. 4th Place = 5%
 - e. 5th Place = 3%
 - f. Remaining 2% divided evenly among starters
 - g. If a non-KTDF eligible horse is involved in a dead heat, those funds will revert to the fund
5. Ellis Park will monitor the earnings and payouts on a daily basis and adjust these figures accordingly in our second condition book.

Ellis Park

Additional Information Required for Approval of KTDF in 2019

In response to the KTDF Advisory Board's request for information, Ellis Park Race Course has made the following updates and efforts to increase Thoroughbred Development Fund generation.

All Source Handle:

- Developing a capital improvement plan to invest \$2M in the short-term; majority of the investment relates to the cosmetics of the property in order to make it more appealing for customers. Included in the plan is an update to the front façade of the facility, along with the entrance and gaming floor in the IRM area. Additional projects are being reviewed for future years to enhance the grandstand area.

Live Racing:

- Entered into an agreement with NYRA to handle our simulcast contracts. This agreement will provide approximately 300 more locations taking Ellis Park signal. Additionally, as part of the agreement, Ellis Park will be featured on NYRA's FOX Live Broadcast.
- The track began late in the 2018 season with increased marketing with the Daily Racing Form. We anticipate and will continue in a similar manner for the 2019 meet.
- Consideration being given to add two to four Monday race days to live meet.

Simulcast:

- Included with the capital projects plan is an update to the Clubhouse, which services both the IRM operations along with simulcast.

Instant Racing:

- Continuing to see growth trends in the IRM handle year over year. Through February 28, 2019, Ellis Park's IRM handle is 20% higher than prior year. We continue to study and review the marketing promotions in an attempt to bring additional customers to the track.

SUBJECT: 2019 KENTUCKY SIRE STAKES

The Kentucky Sire Stakes (KYSS) consists of a month-long series of preliminary races, with the biggest money winners earning the opportunity to compete in the Consolation and Championship stake races held annually at The Red Mile. The series includes two-and-three year-old pacers and trotters for both fillies & colts.

At the December 11, 2018 Commission meeting the following 2019 Kentucky Sire Stakes race dates and purses were approved for both two-and-three-year-olds:

- Three (3) legs for \$30,000 each regardless of any splits
- Consolation races for eight divisions for \$50,000 each
- Championship races for eight divisions for \$250,000 each

The series begins August 8 and ends with the Championship races on September 15 for a total of fourteen (14) race dates and over \$4.5 million in purses. The 2019 Championships Day will be the second year that both two and three-year-old horses will compete under the new program format.

The KYSS is funded partially under the provisions of KRS 138.510, taxes on pari-mutuel wagering, and is the premier event for harness racing in Kentucky. In 2014, the program began accepting resident mares for participation in the fund. This has drastically changed the landscape for the Standardbred community.

At the December 13, 2017 Commission meeting, the staff and Panel was asked to consider spending funds to promote the KYSS. Numerous meetings took place with The Red Mile, Bluegrass Sports Commission, and local media outlets to establish a Championships Day event to further the growth of the

KYSS. Last September, in partnership with the Bluegrass Sports Commission and The Red Mile, the championships included not only the best harness racing but also local artist, food vendors, equine charities and live music. The inaugural event was well attended with estimates of over 5,000 visitors throughout the course of the day.

KRS 230.770 in part states, “*money distributed from the development fund to licensed Standardbred race tracks within the Commonwealth shall be used exclusively to promote races and provide purses....*”

In accordance with KRS 230.770, the KYSS Advisory Panel respectfully request the Commission’s approval to continue to promote and grow the 2019 KYSS Championships with total expenditures up to \$100,000.

Approval is recommended.

Re: Churchill Downs' Request to Amend the Pari-Mutuel Wagering Format April 27, 2019 through May 10, 2019

On March 27, 2019, the Kentucky Horse Racing Commission ("Commission") received a request from Churchill Downs, Incorporated to amend the pari-mutuel wagers that were previously approved as part of the 2019 Churchill Downs Race Track license.

This request included the following:

- The addition of a multi-day \$2 minimum Pick-6 wager that includes the following races:
 - Friday, May 3, 2019 – The La Troienne Stakes and the Kentucky Oaks
 - Saturday, May 4, 2019 – The Churchill Downs Stakes, the Humana Distaff, the Old Forrester Turf Classic, and the Kentucky Derby
- A revision of the \$0.20 minimum Single Six Jackpot as per the following:
 - Currently, Churchill Downs has been approved to offer a \$2 Pick-6 wager in which multiple winners can be awarded the major share of the wager prize if correctly picking the winners of all six races in the wager sequence from April 27, 2019 through May 4, 2019. Any carryover prize would then be transferred to the Single Six Jackpot pool, with 50% being distributed to winners on Thursday, May 9, 2019 through a mandatory payout and 50% being transferred to the \$0.20 Single Six Jackpot pool on Friday, May 10, 2019.
 - The request from Churchill Downs is to offer a \$0.20 Single Six Jackpot wager beginning on April 29, 2019 and operating daily throughout the end of the race meet. This would require no transfer of carryover money, if any, from \$2 Pick-6 pool to the \$0.20 Single Six

Jackpot pool, thereby reducing confusion for patrons and totalizator staff. The \$2 minimum Pick-6 described in bullet point 1 would operate independently on May 3, 2019 and May 4, 2019.

- The option of offer Head-to-Head wagers using a Win wager format with a 10% takeout.

KHRC staff has reviewed this request and believes that it complies with all applicable Kentucky statutes and regulations. KHRC staff recommends approval of these requests with the following conditions:

- If Churchill Downs plans to offer Head-to-Head wagers, the final wager format shall be submitted to Commission staff no later than Monday, April 29, 2019 for Commission staff approval.

Dear Mr. Guilfoil and Mr. May:

In advance of the Churchill Downs 2019 Spring Meet and 145th running of the Kentucky Derby, Churchill Downs formally is requesting the following variations from our previously approved wagering offerings:

- Oaks/Derby Grade I Pick Six to include 2 races on Friday, May 3rd and 4 races on Saturday, May 4th (\$2 Minimum Wager):
 - Friday, May 3 - La Troienne Stakes, Kentucky Oaks
 - Saturday, May 4 – Churchill Downs Stakes, Humana Distaff, Old Forester Turf Classic, Kentucky Derby
- The \$.20 minimum Single Six Jackpot will be offered Opening night, April 27th, through the remainder of the Meet
- Head to Head wagers
 - We request provisional approval to offer up to six head to head wagers (2 on Friday/4 on Saturday). As the fields begin to develop, we will communicate specifically what wagers we wish to offer and request specific approval at that time. Generally, we understand these wagers will be horse (War of Will, for example) vs. horse (Code of Honor) or possibly groups of horses (Baffert runners) vs. groups of horses (Brown runners). We wish to offer these wagers as "Win" bets at a 10% takeout rate.

Please contact me if you have any questions or require any additional information.

Very truly yours,

Mike Ziegler

Re: Ratification of Commission Staff Approval of Updates to Ainsworth Game Technology Historical Horse Racing Pari-Mutuel Pool Changes

On Monday, October 15, 2018, it was discovered that the Ainsworth Game Technology ("Ainsworth") Historical Horse Racing pari-mutuel wagering system was utilizing races in which horses had been scratched from the original race. Using such races does not comply with the Kentucky Horse Racing Commission ("Commission") definition of "historical horse race", which is as follows:

810 KAR 1:001

(30) "Historical horse race" means any horse race that:

- (a) Was previously run at a licensed pari-mutuel facility located in the United States;*
- (b) Concluded with official results; and*
- (c) Concluded without scratches, disqualifications, or dead-heat finishes.*

Upon notification of the non-compliant status of the race database, Churchill Downs, Inc. ("Churchill") and Ainsworth personnel immediately began work to update the system to eliminate races in which included scratched.

Ainsworth completed the update on one pari-mutuel pool that used the Pac Man Wild's entertaining game theme in December 2018, and on December 12, 2018, the Commission voted to approve the updated pari-mutuel wagering pool. At that time, the KRHC also voted to grant Executive Director Guilfoil the authority to approve updates to Ainsworth pari-mutuel wagering pools related to the removal of races in which horses had been scratched from the original race.

This authority was granted under the condition that the approvals come before the full commission for ratification at a future meeting.

BMM Testlabs (“BMM”), one of the independent, third party testing laboratories under contract with the Commission, completed testing 42 additional Ainsworth pari-mutuel wagering pools between December, 12 2018 and February 13, 2019. Upon completion of this testing, Churchill personnel requested approval of those 42 Ainsworth historical horse racing pari-mutuel wagering pools. Those pools were conditionally approved by Executive Director Guilfoil and were ratified by the Commission on February 19, 2019

Since the February 19, 2019 Commission ratifications, BMM completed compliance testing on the remaining Ainsworth historical horse racing pari-mutuel pools in operation at Derby City Gaming (“Derby City”). Between February 19, 2019 and March 22, 2019, Churchill personnel submitted a series of requests for conditional approval for updated pools, and those requests were conditionally approved during that period. **A chart of the activity for all Ainsworth historical horse racing pari-mutuel wagering pool BMM report receipt dates, Derby City pool update request dates, Commission conditional approval dates, and software deployment dates follows this memorandum.**

Throughout this process, representatives from Ainsworth, BMM, and Churchill have been very forthcoming and helpful in resolving the issues involving races that included scratched horses. To date, Commission staff has not found any evidence that any patrons have been negatively affected by this issue. Churchill paid a fine of \$1,000 for every day that the Ainsworth system operated with any pari-mutuel wagering pool using races in which horses were scratched from the original race. In total, Churchill paid a total of \$197,000 in fines for all operational days from the opening of Derby City through March 25, 2019. The Commission ceased levying fines on Derby City on March 25, 2019, which was the final day in which an Ainsworth pool operated with races in which horses were scratched from the original race.

Commission staff recommends the ratification of the conditional approval of the following Ainsworth Game Technology historical horse racing pari-mutuel wagering pools granted to Derby City and Churchill by Executive Director Marc Guilfoil:

Re: Request by Churchill Downs to Approve Eight Additional Ainsworth Game Technology Historical Horse Racing Pools

On April 8, 2019, the KHRC received a letter from Churchill Downs seeking approval of eight additional pari-mutuel wagering pools operated by the technology provider Ainsworth Game Technology ("AGT"). The requested pools and associated entertaining game themes are as follows:

- Altazar - v2018.9.27.8
- Blue Genie – v2019.2.21.8
- Bridgette's Biergarten – v2018.5.25.8
- Mustang – 2018.6.27.8
- Rumble Toro – 2018.9.7.8
- Super Charged 7's – 2019.3.5.8
- Super Hot 7's v2018.7.11.8
- Triple Action Dragons v2018.1.18

The requested pools have been tested by BMM Testlabs ("BMM"), an independent, third-party testing lab for the Kentucky Horse Racing Commission ("KHRC"). KHRC staff has reviewed these testing documents and believes that these additional wagering pools comply with all relevant Kentucky statutes and regulations. All BMM reports for these pools will be forwarded to the KHRC members prior to the meeting for review.

KHRC staff believe that the current initial seed pool amount for the Derby City Gaming property is sufficient to operate these additional pari-mutuel wagering pools and that no adjustment is required to the initial seed pool amount at this time. KHRC staff will continue to monitor the initial seed pool to ensure that the amount remains sufficient.

If approved, Churchill Downs staff would be required to submit a final floor layout and pool commingling that includes these wagering pools shall be submitted to KHRC staff for review and approval prior to the final reconfiguration.

After a thorough review of this request, KHRC staff recommends approval of the eight additional historical horse racing pari-mutuel wagering pools operated by Ainsworth Game Technology requested by Churchill Downs.

RE: Request to the Kentucky Horse Racing Commission (the “Commission”) to offer entertaining game themes (pari-mutuel wagering pools) at the Derby City Gaming Historical Horse Racing Facility.

Dear Mr. Guilfoil:

As you know, on July 17, 2018 and August 21, 2018, the Kentucky Horse Racing Commission (“Commission”) approved Churchill Downs Racetrack, by and through its wholly owned subsidiary Derby City Gaming, LLC, to offer exotic wagers on historical horse races at our Derby City Gaming location at 4520 Poplar Level Road, Louisville, KY 40213 (previously referred to as Trackside). At the same time, the Commission approved the Ainsworth Game Technology Historical Horse Racing Pari-Mutuel Wagering System (the “Ainsworth System”), along with sixty-four (64) entertaining game themes, all of which had been evaluated and certified by an approved independent testing lab.

Derby City Gaming respectfully requests the Commission’s approval of the following additional entertaining game themes to be offered at our Historical Horse Racing Facility at our Derby City Gaming location at 4520 Poplar Level Road, Louisville, KY 40213.

<ul style="list-style-type: none">• Blue Genie v2019.2.21.8• Rumble Toro v2018.9.7.8• Super Hot 7’s v2018.7.11.8	<ul style="list-style-type: none">• Mustang v2018.6.27.8• Triple Action Dragons v2018.11.1.8• Super Charged 7s v2019.3.5.8
--	--

It is our understanding that each of these game themes have been tested by BMM, an independent testing laboratory. For the reasons set forth herein, Churchill Downs respectfully requests the Commission's approval of the entertaining game themes included in this letter.

Sincerely,

Patrick Duggan

Re: Request submitted by Keeneland/Red Mile to offer PariMAX Historical Horse Racing Version 3.15 and Associated Additional Pools

Keeneland/Red Mile ("KRM") has submitted a request to offer PariMAX Version 3.15 pari-mutuel system exotic wagering pools. KRM currently has 902 historic horse racing terminals, of which approximately 615 terminals are currently using the PariMAX system. If the new exotic wagering pool is approved, KRM will be required to submit an exact floor layout and a list of the terminals that will offer wagering on the PariMAX Version 3.14 for KHRC staff review and approval.

The PariMAX system is operated by PariMAX Holdings, LLC ("PariMAX"), a division of AmTote International, LLC ("AmTote"). AmTote is currently one of the providers of historical horse racing pools at KRM. PariMAX currently offers similar exotic wagering pools in Alabama, Oregon, and Wyoming. Prior to KRM submitting this request, PariMAX Version 3.15 underwent testing at Gaming Laboratories International ("GLI"), one of the independent, third-part testing laboratories under contract with the KHRC.

GLI has reviewed PariMAX Version 3.15 and affirms that the system complies with applicable Kentucky statutes and regulations. The GLI report for PariMAX Version 3.15¹, as well as Versions 3.14.2², will be sent to all commissioners prior to the meeting for review.

If approved by the KHRC, KRM and PariMAX staff will transition the affected wagering terminals to the appropriate wagering pools in a secure manner and with guidance from KHRC staff.

¹ Gaming Laboratories International Report SY-399-AMT-19-02-399

² Gaming Laboratories International Report SY-399-AMT-19-03-399

PariMAX Version 3.14.2 and 3.15 includes the following updates to the PariMAX wagering system that are not mentioned elsewhere in this memorandum:

- An issue was fixed in the "Cosmic Boost" game theme where payline wins shown to the player after grid outcomes in the 'Free Spins' feature did not match the actual grid outcomes. Payouts were not affected. **(3.14.2)**
- An issue was fixed in the Cosmic Boost" game theme where it was possible in certain scenarios for players to be given one too many selections in the 'Tile Pick Reveal' bonus which could result in inaccurate animations in the entertaining display of the game outcome. Payouts were not affected. **(3.14.2)**
- One new game theme, "Quick Pick Diamond", which utilizes the previously tested "P6.P3P5_Plus.P2P5_Plus_QPP" wager profile. **(3.15)**

PariMAX Version 3.15 adds the following entertaining game themes to previously-approved PariMAX Historical Horse Racing pari-mutuel wagering pools in operation at KRM:

P6.P3P5_Plus.P2P5_Plus_QPP
Quick Pick Diamond

In addition, PariMAX Version 3.15 includes one new pari-mutuel wagering profile known as P6.P3P5_Plus.P2P5_Plus_COJ. Staff members from KRM are requesting authorization of this pari-mutuel wagering pool as well as the associated entertaining game themes listed below:

P6.P3P5_Plus.P2P5_Plus_COJ
Dragon's Cache
Tiki Tokens
Sea of Fortune
Samurai Legacy

A full list of all pools included in PariMAX Version 3.15 and the associated entertaining game themes can be found on page 19 of GLI Report SY-399-AMT-19-02-399.

KHRC staff is scheduled to perform on-site testing of this new pool the week of April 8-12, 2019 at KRM and will report any abnormal findings at the KHRC meeting. The testing will be conducted to ensure that the pool functioned as described and that the payouts complied with the documentation provided to the KHRC and to GLI. PariMAX Version 3.15 has also been operating in Alabama without any problems.

KHRC staff recommends approval of the Keeneland/Red Mile request to authorize PariMAX Version 3.15 and the exotic wagering pools and entertaining game themes associated with Version 3.15 with the following conditions:

- 1) The “Higher Jackpot” option for all PariMAX wager profiles shall not be implemented without prior written approval of the Kentucky Horse Racing Commission.
- 2) The configurable options listed above shall not be implemented without prior written approval of the Kentucky Horse Racing Commission.

Dear Mr Guilfoil:

KRM Wagering would like to request approval for the following Parimax/Amtote products at the upcoming April commission meeting:

- Release 3.15, which includes five new game themes, as follows: Dragon's Cache, Tiki Tokens, Sea of Fortune, Samurai Legacy (based on a new wager profile: WP-P6.P3P5_Plus.P2P5_Plus_COJ), and Quick Pick Diamond (based on the pre-existing wager profile: WP-P6.P3P5_Plus.P2P5_Plus_QPP).
- Release notes for 3.15, Wager profile specifications for WP-P6.P3)5_Plus.P2P5_Plus_COJ, and game theme specifications for each of the new theme requests are attached.

It is my understanding that you will receive GLI reports on the above by Friday, Marcy 29th. Please let me know if additional information is needed regarding this request.

Re: Request by Keeneland/Red Mile to Alter the Designated Area for Historical Horse Racing Pari-Mutuel Wagering Terminals

On April 9, 2019, the Kentucky Horse Racing Commission ("Commission") received a request from Keeneland/Red Mile ("KRM") to expand the footprint of the historical horse racing pari-mutuel wagering designated area. This expanded area would allow KRM to enclose the current portico entry on the western side of the facility in a manner that would allow smoking at the pari-mutuel wagering terminals.

KRM staff has submitted architectural plans for Commission review. The expansion of the floor plan would allow for the addition of up to 100 terminals in this smoking area, but the total number of historical horse racing pari-mutuel wagering terminals would not exceed the maximum of 1,000 terminals that the Commission has approved at KRM.

Among the requirements for Commission approval of pari-mutuel wagering on historical horse races, 810 KAR 1:120, Section 4(d) requires the association to prove a:

"detailed description of the proposed designated area and the terminal or terminals on which the pari-mutuel wagers will be made, including an architect's rendering of the proposed designated area which describes the size, construction, layout, capacity, number of terminals, and location of surveillance and other security equipment, and at least one (1) photograph of the designated area when construction is completed."

To comply with this regulation, KRM has provided the following information:

- The current historical horse racing designated area is 75,000 square feet. This expanded area will add 5,757 square feet for a total of 82,575 square feet.

- KRM is working with Integrity Architecture, PLLC in Lexington, KY on this project. The architect has provided construction diagrams that include the main structure layout.
- An initial terminal layout in the new section, but the final, exact layout of the terminals may change.
- The current historical horse racing designated area has a capacity of 2,871 people. The new section will have a capacity of approximately 235 people, for a total expected capacity of 3,106 people.
- KRM is expected to add 100 terminals in this area, but the final, exact layout and number of terminals may change.
- The location of surveillance and other security equipment has not been finalized.
- Since this construction project has not started, a photograph of the new area in the designated area has not been provided.

Commission staff recommends approval of this request by KRM to expand the historical horse racing pari-mutuel wagering designated area at The Red Mile pursuant to the following conditions:

1. KRM is required to submit a final, exact layout and number of terminals for the historical horse racing designated area at The Red Mile for Commission staff approval;
2. KRM is required to submit documentation describing the location of surveillance and other security equipment within the expanded historical horse racing designated area for Commission staff approval;
3. KRM is required to submit at least one photograph of the expanded historical horse racing designated area when construction is complete, and
4. KRM is required to provide any additional documentation requested by Commission staff.

Lexington, KY 40511

Dear Mr Guilfoil:

KRM Wagering would like to request approval to expand the footprint for our historical horse racing machines to include a smoking patio which will be constructed off the west entrance. The patio will add about 3,000 square feet of space and 100 HHR terminals. The expansion of terminals will not exceed our approved limit of 1,000 machines. This section will be attached to the main building, and will comply with all city permit requirements. It will have restricted access only from inside the main building.

We have submitted the architectural plans previously form to Steve May for review. As we progress, we will work with Steve regarding the full layout of machines, security for the space, surveillance cameras, and other items deemed necessary for approval by the Commission. We understand that approval will be conditional on satisfaction of these requirements.

Re: Ratification of Executive Director Approval of Extended Hours at Keeneland/Red Mile

On April 4, 2019, the Kentucky Horse Racing Commission ("Commission") received a request to amend the operational hours of the historical horse racing designated area located on the premises of Keeneland/Red Mile ("KRM") starting April 5, 2019. In the letter, KRM requested an extension of the normal operational hours at the facility to operate from 10:00 a.m. Eastern until 6:00 a.m. Eastern every Friday and Saturday. This would affect all weekends from the date of the approval.

Commission staff reviewed the request and all applicable Kentucky statutes and regulations, and after completing the review made a recommendation to the Executive Director to approve the request. This recommendation was partially based on the fact that the commission has previously approved a similar operational schedules at Derby City Gaming and Kentucky Downs.

On April 4, 2019, Deputy Executive Director Eads approved the requested amendments to the operational hours at KRM. Since this request was an amendment to the normal operational hours approved by the Commission, Commission staff felt it was appropriate to bring the item to the full commission for ratification of the approval.

Included in the following pages are the April 4, 2019 request from Shannon Cobb, Chief Financial Officer at The Red Mile, and the Commission letter approving the request.

Commission staff recommends ratifying the approval of Deputy Executive Director Eads.

Re: 2019 ADW Initial Application for NYRABets, LLC

NYRABets, LLC ("NYRABets") has submitted an initial application for 2019 licensure to provide advance deposit wagering services in the Commonwealth of Kentucky. **A full copy of the application and attachments is available for your review at the KHRC office.**

NYRABets was previously licensed by the Kentucky Horse Racing Commission ("Commission"). The original license application was submitted in 2017, and NYRABets has operated in Kentucky every year since. The Commission approved a renewal application for NYRABets in December 2018 for the 2019 calendar year.

On March 11, 2019, legal counsel for the New York Racing Association informed the Commission that NewCo Ventures, LLC, a wholly owned subsidiary of the New York Racing Association and 91% owner of NYRABets, had purchased the remaining 9% of NYRABets, LLC from GBE Technologies. Commission staff reviewed documentation provided by NYRABets, and determined that this constituted a "substantial change in ownership" as per Kentucky statutes and regulations. As per 810 KAR 1:145, Section 8(2), "a substantial change in ownership in a licensee shall result in termination of the license unless prior written approval has been obtained from the commission."

NYRABets did not seek written approval for this substantial change in ownership nor did NYRABets submit an Advance Deposit Account Wagering Change of Control Form as required by 810 KAR 1:145. As a result, the Advance Deposit Account Wagering license for NYRABets in Kentucky was deemed to have been terminated by operation of the administrative regulations cited above as of Monday, March 11, 2019.

Commission staff directed NYRABets to immediately cease operations in Kentucky because a license is required to conduct advance deposit account wagering. *See* KRS 230.260(2); 810 KAR 1:145 Section 2. NYRABets staff complied with this directive, and NYRABets operations in Kentucky have remained dormant.

Commission staff wants to reiterate that the termination of the license for NYRABets was as the result of the operation of Kentucky administrative regulations and was not the result of a revocation or termination of the license.

Since the license termination, NYRABets has submitted an initial application to Kentucky Horse Racing Commission Initial License Application to Conduct Advance Deposit Account Wagering. Commission staff have reviewed the application. NYRABets has been cooperative and forthcoming with requests for additional information.

Among other things, the NYRABets application states the following:

- It was organized in Delaware in 2016 as a limited liability company. NYRABets is a wholly owned subsidiary of NewCo Ventures, LLC, a wholly owned subsidiary of the New York Racing Association. Its principal business office is currently located in Jamaica, NY.
- It is currently good standing and authorized to do business in Kentucky with the Secretary of State and is also in good standing and authorized to do business in Delaware.
- It currently operates in 29 states and is licensed in every jurisdiction in which the organization operates that currently requires a license to offer ADW services.
- There are no major outstanding occurrences to warrant concern by the Kentucky Horse Racing Commission.

Issuance of an initial license to conduct Advance Deposit Account Wagering to NYRABets for the remainder of calendar year 2019 is recommended.

Dear Mr. Lambert:

On Tuesday, March 12, 2019, NYRAbets, LLC ("NYRAbets") informed¹ Steve May, Director of Pari-Mutuel Wagering and Compliance for the Kentucky Horse Racing Commission ("KHRC") that the ownership structure of NYRAbets had changed as of March 11, 2019. As described to the KHRC, the transaction resulted in the transfer of 9% of the ownership interest in NYRAbets from GBE Technologies to NewCo Ventures, LLC.

KHRC staff has reviewed this transaction and has determined that it constitutes a "substantial change in ownership," which is defined as "the sale, pledge, encumbrance, execution of an option agreement, or any other transfer of five (5) percent or more of the equity securities or other ownership interest of a partnership, association, corporation, or entity holding a license." 810 KAR 1:037 Section 1(4). This definition applies to advance deposit account wagering licensees under 810 KAR 1:145 Section 1(13).

Under 810 KAR 1:145, Section 8(2), "a substantial change in ownership in a licensee shall result in termination of the license unless prior written approval has been obtained from the commission." NYRAbets did not seek written approval for this substantial change in ownership nor did NYRAbets submit an Advance Deposit Account Wagering Change of Control Form as required by 810 KAR 1:145.

¹ 2019-03-12-Email from Nicole Foley to Steve May

As a result, the Advance Deposit Account Wagering license for NYRAbets in Kentucky is hereby deemed to have been terminated by operation of the administrative regulations cited above as of Monday, March 11, 2019. The KHRC hereby directs NYRAbets to immediately cease operations in Kentucky because a license is required to conduct advance deposit account wagering. *See* KRS 230.260(2); 810 KAR 1:145 Section 2.

NYRAbets may seek a new license in Kentucky by submitting an Initial License Application to Conduct Advance Deposit Account Wagering. This application would require approval by the KHRC at a future meeting.

If you have any questions, please feel free to contact KHRC staff.

With best regards,

Marc A. Guilfoil
Executive Director

Respectfully Submitted,

Daniel P. Bork - Racing Secretary

A handwritten signature in black ink, appearing to read "Daniel Bork".

DATE PREFERENCE SYSTEM

The Date System of preference will be used at Ellis Park as described below:
Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses into over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Ellis Park will be assigned a preference date. Dates assigned will be of two types:

E-Date

This date will correspond to:

- a) The day on which a horse's foal papers and name tag are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting)
- b) The day on which a horse is first entered if his papers are not on file with the identifier.

To qualify for the latter E-Date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

R-Date

This date will correspond to the day of a horse's most recent race at Ellis Park. An R-Date will also be assigned to a horse which scratches.

3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another race track will forfeit any date they may have at Ellis Park.
4. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
5. A horse that runs in a race, which has been taken off the turf will retain its turf date. A scratched horse will receive an R-Date from the date scratched.
6. When a race is taken off the turf, dirt preferred horses will receive an R-Date if they run or scratch. If the race remains on the turf, dirt preferred horses will retain their previous date.
7. Horses on the Also-Eligible List shall be permitted to draw into races in order of their dates, earliest dates first. (Exception: When a race is removed from the turf, Dirt Preferred also-eligibles will have first preference to draw into the race in order of their date preference. If the race remains on the turf they will have no preference.)
8. No E-Date will be assigned to the second choice of an unsplit same owner entry.
9. A horse which has been placed on a list (veterinarian, steward, starter or paddock judge) will lose their date and be assigned an R-Date corresponding to the day removed from list.
10. A horse which is a scheduled starter in a cancelled race will not receive an R-Date for that race but will retain his previous date.
11. The draw of a stake and handicap race is not subject to date preference.
12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedures have been completed through the Steward's office and delivered to the Racing Secretary's office.
13. Date preference rules will not supersede KHRA rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non maiden races.
